ABOUT J.W. SPEAKER

Established in 1935, J.W. Speaker is the world's leading manufacturer of innovative off-road LED lighting products. If you demand superior visibility, extreme durability and unmatched longevity, look no further than J.W. Speaker:

- OEMs such as Harley-Davidson, Polaris, and Chrysler use J.W. Speaker products because our engineered beam patterns are second to none.
- Extensive use in Iraq & Afghanistan are a testament to the military-grade construction and dependability of J.W. Speaker's LED lighting products.
- J.W. Speaker products are built to last. We back up this statement by offering the industry's leading warranty. Period.

LED HEADLIGHTS

Off-Road enthusiasts trust J.W. Speaker's premium performance LED headlights because of their superior visibility, rugged durability, and unique look that comes with every product.

SUPERIOR VISIBILITY

Leading Competitor's Beam Pattern

J.W. Speaker's Beam Pattern

RUGGED DURABILITY

- The same heavy duty construction we use for the U.S. Military
- Solid state electronics withstand shock and vibration
- No breakable bulbs, fragile filaments or sensitive electrodes
- Last 50+ times longer than stock halogen headlights
- Designed, manufactured and assembled in the U.S.A.

UNIQUE LOOK

MODEL 8700 EVOLUTION 2

7" ROUND LED HEADLIGHT

- Market-leading light output
- Beam patterns maximize visibility
- New ComfortLite™ high beams
- Jeeps require Anti-Flicker Harness (2007 and newer Jeep Wrangler JKs)

Raw Output: 1,770 (Low)/2,610 (High) Lumens

Effective Output: 750 (Low)/1,150 (High) Lumens

Operating Voltage: 9-32V DC

Mating Connector: H4

Standards: DOT-Compliant, Transport Canada Compliant

Plug & Play Replacement for:

- 1955-1983 Jeep CJ-5
- 1976-1986 Jeep CJ-7
- 1981-1985 Jeep CJ-8
- 1997-2006 Jeep Wrangler (TJ)

Mounting Options:

Description

1 Headlight, Black Bezel

1 Headlight, Chrome Bezel

1 H4/H13 Anti-Flicker Harness

Part

0549701

0549711

8000311

MODEL 8700 EVOLUTION J

7" ROUND LED HEADLIGHT

- 1st Jeep-specific LED Headlight
- No Anti-Flicker Harness required
- Truly a Plug & Play installation
- New ComfortLite™ high beams
- Beam pattern includes "Half Halo"

Raw Output:1,770 (Low)/2,610 (High) Lumens

Effective Output750 (Low)/1,150 (High) Lumens

Operating Voltage9-32V DC

Mating ConnectorH13

Standards:DOT-Compliant, Transport Canada Compliant

Plug & Play Replacement for:

- 2007-2015 Jeep Wrangler JK

Mounting Options:

Description	Part #
2 Headlight Kit, Black Bezels	0551131
1 Headlight, Black Bezel	0550771
2 Headlight Kit, Chrome Bezels	0551141
1 Headlight, Chrome Bezel	0550781

MODEL 8900 EVOLUTION

7" x 5" LED HEADLIGHT

- New & improved light output
- Engineered beam patterns
- Choice of black or chrome bezel
- Easy Plug & Play installation

Raw Output: 1,350 (Low)/1,770 (High) Lumens

Effective Output: 650 (Low)/850 (High) Lumens

Operating Voltage: 9-32V DC

Mating Connector: H4

Standards: DOT-Compliant, Transport Canada Compliant

Plug & Play Replacement for:

Plug & Play replacement for H6054
(7" x 5") headlights in most applications

Mounting Options:

LED TAIL LIGHTS

What do you get when you combine cutting-edge technology, innovative styling, and performance-driven design? The answer is a trail-ready LED tail light that makes you look just as good driving to work as it does rock crawling.

"BLACKED OUT" STYLING

INNOVATIVE "LIGHT BLADE" TECHNOLOGY

MODEL 279 J SERIES

6" x 8" LED JEEP TAIL LIGHT

- Designed exclusively for Jeeps!
- Unique Jeep-specific fitment
- The perfect additions to any Jeep!

Functions: Stop (Red), Tail (Red), Reverse (White)

Operating Voltage: 9-32V DC

Mating Connector: Yazaki 7282-5553-30

Standards: DOT-Compliant, Transport Canada Compliant

Plug & Play Replacement for:

- 2007-2015 Jeep Wrangler JK

Mounting Options:

Description

2 Light Kit, Jeep LED Tail Lights

Part

0347531

MODEL 279

6" x 8" LED TAIL LIGHT

- Designed to fit a variety of vehicles
- Retrofits any vehicle that has flat-mounted tail lights
- Functionally identical to our Jeep-specific Model 279 J Series

Functions: Stop (Red), Tail (Red), Reverse (White)

Operating Voltage: 9-32V DC

Wiring: 10" bare wires

Standards: DOT-Compliant, Transport Canada Compliant

Retrofit Information:

Retrofits any vehicle that has flat-mounted tail lights

Mounting Options:

Description

2 Light Kit, Universal LED Tail Lights

Part

0347551

LED FOG LIGHTS

Proprietary solid optics, heavy duty construction, and high quality LEDs combine to deliver superior visibility, rugged durability and unmatched longevity.

PROPRIETARY SOLID OPTICS

HEAVY DUTY CONSTRUCTION

- Hard-coated, impact-resistant polycarbonate lenses
- Die-cast aluminum housing provides maximum protection
- Long-lasting LEDs provide years of reliable illumination
- Never replace another bulb again!
- Designed, manufactured and assembled in the U.S.A.

HIGH QUALITY LEDs

MODEL 6145

4" ROUND LED FOG LIGHT

- Intended for pre-2013 Jeeps
- Does not address PWM found in 2014 & newer model year Jeeps
- Available in black or chrome bezel
- Designed exclusively for Jeeps!
- Retrofits stock Jeep fog lights

Raw Output: 1,080 Lumens

Effective Output: 610 Lumens

Operating Voltage: 10-15V DC

Mating Connector: Packard (#12059183)

Standards: DOT-Compliant, Transport Canada Compliant

Retrofit Information:

• **Plug & Play:**

2007-2010 Jeep Wrangler
2009 Dodge Journey
2005-2008 Dodge Magnum
2006-202 PT Cruiser

• **Splicing Required:**

2011-2015 Jeep Wrangler
2010-2012 Dodge Journey
2011-2012 Jeep Grand Cherokee
2011-2012 Dodge Charger
2005 Chrysler 300

Mounting Options:

MODEL 840 XD

4" X 4" LED AUXILIARY LIGHT

- Thermally-conduction housing maximizes performance of LEDs
- Extremely compact & lightweight
- Corrosion- and impact-resistant
- IP69K seal rating to protect against dust & water ingress

Raw Output:1,080 Lumens

Effective Output780 Lumens

Operating Voltage10-30V DC

Mating Connector2-pin Deutsch connector (DT06-2S)

Standards:Sealed to IP69K

Mounting Options:

Check out the XD Series Torture Test video where we put the Model 840 XD through a gauntlet of extreme abuse. Scan the QR code below or visit our YouTube channel (JWSpeakerCorporation) to see the tests for yourself!

- A-Pillar
- Front Bumper
- Rooftop
- Rear Bumper

Description	Part #
1 Light, Flood Beam	1300001
1 Light, Spot Beam	1300021
1 Light, Trapezoid Beam	1300011

MODEL TS3001R

6" ROUND LED AUXILIARY LIGHT

- Sleek new optical design
- More compact & lightweight than previous generation of TS3000s
- Increased light output provides premium performance
- New mounting simplifies installation & provides greater flexibility

Max Candela: 61,700 (Driving)/96,000 (Pencil)

Operating Voltage: 9-32V DC

Mating Connector: 2-pin Deutsch connector (DT06-2S)

Standards: DOT-Compliant, Transport Canada Compliant

Mounting Options:

- A-Pillar
- Front Bumper
- Rooftop

Description	Part #
2 Light Kit, DOT-Compliant Driving Beams	0550443
1 Light, DOT-Compliant Driving Beam	0550441
2 Light Kit, Pencil Beams	0550483
1 Light, Pencil Beam	0550481

MODEL TS3001V

7" X 5" OVAL LED AUXILIARY LIGHT

- Identical in performance to the TS3001R, with an oval shape
- More compact & lightweight compared to previous generation
- Improved design with simplified installation & more flexible mounting

Max Candela: 61,700 (Driving)/96,000 (Pencil)

Operating Voltage: 9-32V DC

Mating Connector: 2-pin Deutsch connector (DT06-2S)

Standards: DOT-Compliant, Transport Canada Compliant

Mounting Options:

- A-Pillar
- Front Bumper
- Rooftop

Description	Part #
2 Light Kit, DOT-Compliant Driving Beams	0550673
1 Light, DOT-Compliant Driving Beam	0550671
2 Light Kit, Pencil Beams	0550713
1 Light, Pencil Beam	0550711

MODEL 8700 EVOLUTION 2

7" ROUND LED HEADLIGHT

- Market-leading light output
- Beam patterns maximize visibility
- New ComfortLite™ high beams
- Jeeps require Anti-Flicker Harness (2007 and newer Jeep Wrangler JKs)

Raw Output: 1,770 (Low)/2,610 (High) Lumens

Effective Output: 750 (Low)/1,150 (High) Lumens

Operating Voltage: 9-32V DC

Mating Connector: H4

Standards: DOT-Compliant, Transport Canada Compliant

Plug & Play Replacement for:

- 1955-1983 Jeep CJ-5
- 1976-1986 Jeep CJ-7
- 1981-1985 Jeep CJ-8
