

# Projecta 12V / 24V Industrial Jump Starter

## 12V / 24V Industrial Jump Starter IS3000 - IS5000

### Description

A highly powerful and extremely reliable jump starter capable of starting 12V 12.0L-16.0L gas and diesel vehicles and all 24V gas and diesel vehicles. Designed to start just about any machinery, will never be flat (due to RRT), are ultra safe, workshop tough and light enough for just about anyone to carry with just one arm.

Clear screen provides the user with information such as battery voltage and diagnostic information. Recharges the jump starter from the vehicle in just 40 seconds. Detects vehicle's voltage when clamps are connected and automatically selects 12-volt or 24-volt. Features a tough steel chassis and aluminum housing with a chemical resistant rubber overmold. Includes dock station ideal for workshop use. All wired connections within jump starter are crimped and bolted to ensure maximum reliability and current output.

### Features and Benefits

- 12V 1000A / 24V 850A-1000A clamp power
- Intuitive LCD display
- Colour LCD screen offers real time updates
- Auto sensing 12/24V clamp connection
- IP43 rating

### Applications

Commercial transport, construction equipment, industrial machinery, heavy-duty mining and construction vehicles, emergency vehicles, and off-road vehicles.

### Tech Specs

Range	Industrial
Clamp Power	IS3000: 12V 1000A / 24V 850   IS5000: 12V 1500A / 24V 1000A
Battery	Lithium Iron Phosphate (LiFePO4)
Battery Capacity	IS3000: 2 x 6.0Ah at 12.8V, 48,000mAh (153.6Wh) IS5000: 2 x 12.0Ah at 12.8V, 96,000mAh (307.2Wh)
Battery Cycles	2000 battery cycles
Jump Starts Performance	IS3000: 12V vehicles up to 12.0L petrol & diesel. 24V all vehicles IS5000: 12V vehicles up to 16.0L petrol & diesel. 24V all vehicles
Weight	IS3000: 10.6kg   IS5000: 13.5kg
Warranty	2 Years

Part No.	Description
IS920	For small leisure craft, mowers, motorcycles and 4 & 6 cylinder petrol cars.
IS1220	For large family cars, SUV's, mid-sized V8s and mid-sized 4WDs including diesels.
IS1400	Ideal for vehicle enthusiasts, small workshops and car yards.
IS1500	Ideal for professional workshops, car dealerships, panel shops and roadside assist.
IS2000	For roadside assist, small 12 or 24V trucks, agricultural and mid-sized earth-moving equipment.
IS3000	For 12 or 24V prime movers, buses and smaller industrial machinery.
IS5000	For commercial transport, most construction equipment, industrial machinery and mining vehicles.
