

# Vision X 6.7" CG2 Multi-LED Light Cannon

## 6.7" CG2 Multi-LED Light Cannon

### Description

For an unparalleled lighting solution that cuts through the darkness, look no further than the Multi-LED CG2 Light Cannons, which ultimate lighting solution for illuminating the night with a powerful broad driving beam pattern and outstanding medium distance lighting coverage. These coupled with Single LED Cannons, then every corner is illuminated and no area remains in the dark.

The CG2 Multi-LED Light Cannons come in a Two Light Kit that includes two 6.7" Cannons, a dual wiring harness for easy electrical setup, and an installation guide to help you get your Cannons hooked up. The two light kit adds an additional 27,000 raw lumens to your build, bringing the total effective lumens on the ground to 18,900. Vision X also offers mounting kits for various different applications to fit your needs.

Customize your lighting with Polycarbonate Covers that support different beam patterns such as Spot, Euro, Combo, Flood, Wide Flood, or Elliptical beams. Each of these beam patterns is available in a variety of tints, including amber, red, blue, or clear. A Black Out "Vision X" logo cover is also available for added protection when your lights are not in use. All covers are made from high-grade polycarbonate material, providing extra protection for your 6.7" CG2 Light Cannon.

### Features and Benefits

- Lightweight hybrid housing
- IP-68/69K watertight housing
- Eighteen 7 watt LEDs produce 1,105' of usable light
- Highest quality cree LEDs
