

# Vision X CR-7 LED Driving Light

## CR-7 Spot Beam LED Light

### Description

The Cannon Race Series 7 LED (CR-7) delivers the highest performing spot beam to hit the market. The CR-7 utilizes a truly unique lens that performs as well as it looks. With a super-crisp spot beam that reaches 1,505ft long and 200ft wide, the CR-7 outperforms and outshines the competition with ease. The CR-7 ready to withstand your adventure you can throw at it.

### Features and Benefits

- **Outshine The Competition:** Utilizing top-binned 10W LEDs from CREE, the CR-7 blasts a massive 7,665 lumens (ea) out of only a 4.5" housing.
- **Selective Yellow Lens Option:** Never let dust, fog or rain slow you down again. The selective yellow lens will allow your CR-7 to cut through any tough weather while maintaining maximum output.
- **Virtually Unbreakable:** The CR-7 uses a thick polycarbonate bezel that won't crack, fade or corrode like traditional aluminum bezels.
- **Limited lifetime warranty**

### Applications

Mining Light Vehicles (LV's), Service Vehicles, Automotive, Off-road, 4x4, 4WDs, UTVs, ATVs, ROVs, utility vehicles, forklifts, and all LED driving lights
