Slim R65 Warning Light LED Bar 20"

8,820 Lumens | **20" length** | **10-30V DC** | **IP69K** | **44W** | **ECE R65, R7, R10, R112**
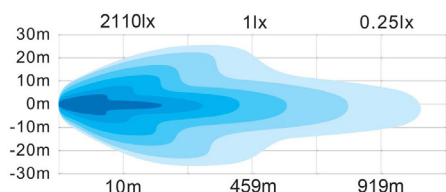

Description

This light bar is a high-quality lighting solution for off-road vehicle drivers looking to improve their visibility in the darkest environments. With exceptional power, superior build quality, operating versatility, easy installation and compact size, our LED bar is the ideal choice for demanding drivers.

Features and Benefits

- With 44W, this LED light bar offers a theoretical brightness of 8,820 eLumens for enhanced visibility in the darkest environments.
- This dual R65 slim 20' offers a long-range beam with a color temperature of 5700K. It's combined with an R65-approved warning flash function, a white daytime running light (DRL) and an amber position light to cope with any situation (daytime visibility, fog or rain). In addition, our light pattern is a combo beam (spot + driving) for enhanced visibility.
- Made from high-quality materials, including an aluminium housing, polycarbonate lens and stainless steel mounting brackets.
- CE, UKCA, RoHs, IP68, IP69K, ECE R10, R7, R65 and R112 approved.
- Features a bare-wire cable for universal installation.
- Compact LED light bar measures just 20 inches in length, making it easy to install on your all terrain vehicle or 4x4.
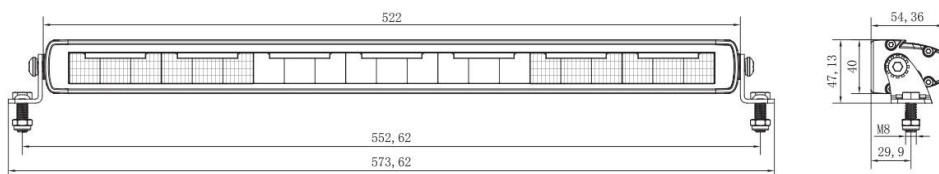

Applications

On and off-road 4WDs, 4x4, light vehicles (LVs), pick-up trucks, road service, SUV, trucks and fleets, vans and chassis cabs.

Tech Specs

Product Type	Work / warning light
Source	LED
Lumens	8,820 eLumens
Voltage	10-30V DC
Specific Functions	Amber position light, Position light White, Warning Flash R65
Consumption	44W
Colour Temp	5700K
Beam Pattern	Spot + Driving
IP Protection	IP69K
Certifications	ECE R65, ECE R10, ECE R112
Internal Specs	Aluminum circuit board, Support in 304 stainless steel
Lens Material	Polycarbonate
Housing Material	Aluminium
Housing Colour	Black
Connector	Connector 2 pin, Wiring harness, 300mm cable
Mounting	Assembly with universal bracket kit

Part No.	Description
D16050	Slim R65 Warning Light LED Bar 20"
