

Vision X 6.7" CG2 LED Light Cannon

Description

CG2 Light Cannons are the ultimate light for blasting through the night with a powerful Spot driving beam pattern. These coupled with Multi-LED Cannons and there is nothing left in the dark.

CG2 LED Light Cannons are available in a Two Light Kit that includes two 6.7" Cannons, a dual wiring harness for easy electrical setup, and an installation guide to help you get your Cannons hooked up. The two light kit adds an additional 8,000 raw lumens to your build, bringing the total effective lumens on the ground to 5,040 / 5,600. Vision X also offers mounting kits for various different applications to fit your needs.

Polycarbonate Covers allow various patterns of light distribution, including Spot, Euro, Combo, Flood, Wide Flood, or Elliptical beams. Each of these beam patterns is also available in a variety of tints, including amber, red, blue, or clear. A Black Out "Vision X" logo cover is also available for added protection when your lights are not in use. All covers are created from a high-grade polycarbonate material that adds some extra protection to your 6.7" CG2 Light Cannon.

Features and Benefits

- Advanced iris reflector and optic technology
- Highest quality luminous LEDs
- IP-68/69K watertight housing
- Adjustable steel trunnion mount

Applications

Fleet, light vehicles (LV's), 4WDs, offroad, commercial trucks and buses

Tech Specs

Amp Draw (@12V)	Single light: 5.83A / two light kit: 11.67A
Input Voltage	9-32V DC
Operating Temp	-30°C ~ +80°C
Beam Patterns	10°, snap-on filters available
Raw Lumens	Single light: 4,000lm / two light kit: 8,000lm
Effective Lumens	Single light: 2,800lm (clear); 2520lm (selective yellow) Two light kit: 5,600 (clear); 5040lm (selective yellow)
Wattage	Single light: 70W / two light kit: 140W
LED Lifespan	50,000 hours
Dimensions	7.30"x7.09"x5.37"
Warranty	Extended
