Vignal PUCK LED Beacon 223010

Compact SAE Class 3 Amber Safety Beacon for Forklifts & Light Vehicles

The Vignal PUCK LED Beacon (Ref. 223010) is a compact, high-performance amber beacon engineered for reliable visibility and operator safety in demanding environments. Designed with material handling, warehouse vehicles, forklifts, and light industrial fleets in mind, this SAE Class 3 beacon delivers dependable warning signals in a low-profile design that resists damage in tight spaces.

Built with a durable polycarbonate housing and lens, the PUCK LED Beacon is designed to withstand impacts, vibration, and harsh operating conditions. Its wide 10–80V operating range ensures seamless integration across electric forklifts, diesel-powered vehicles, and mixed industrial fleets. The beacon features a double-flash pattern, maximizing visibility for operators and nearby personnel.

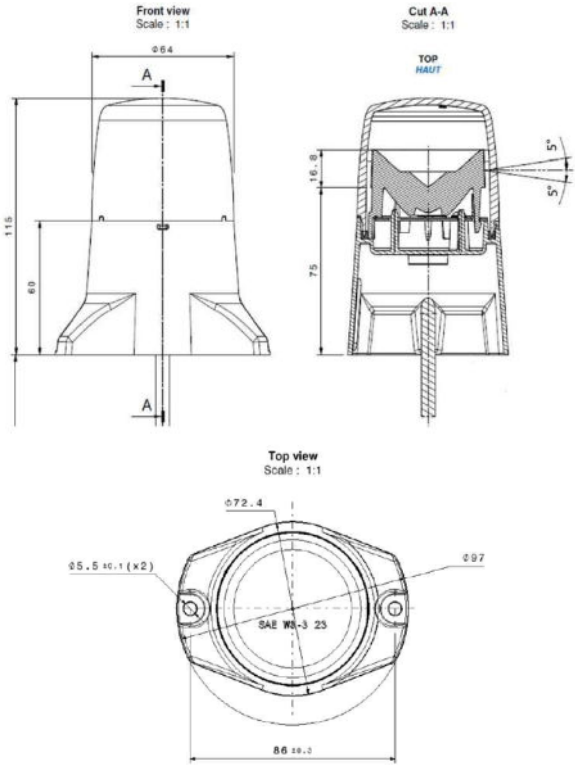

Certified with ECE R10-06 EMC compliance, SAE Class 3 approval, and UL certification, the PUCK LED Beacon meets international safety and performance standards. With an IP69K ingress protection rating, it is fully resistant to dust, water, and high-pressure cleaning, making it an excellent choice for both indoor warehouses and outdoor operations.

Lightweight at just 0.2 lbs and easy to install with its 2-point mounting system, this beacon offers a hassle-free upgrade or replacement for safety-conscious operators. Whether you're managing a fleet of forklifts or light vehicles, the PUCK LED Beacon provides unmatched safety, durability, and efficiency.

Applications

On-Road, civil and construction, commercial, municipal / utility, industrial, agriculture, fleets, material handling, forklifts, above and below ground mining.

Line Drawing

Tech Specs

Voltage Range	10-80V
Power Consumption	1.5W @12V, 3.6W @24V, 12W @80V
Color	Amber
Connector	Bare leads
Fixation	2 x CBLX Ø3.5 x 8
Housing & Lens Material	Polycarbonate
Height	4.5"
Weight	0.2 lbs
Flash Patterns	Double Flash
Ingress Protection	IP69K (dustproof & waterproof, pressure washable)
Temperature Range	-40°C to +85°C
Certifications	ECE R10-06, SAE Class 3, UL approved

Part No.	Description
223010	Vignal PUCK LED Beacon, to be screwed, amber, light Double Flash
